Guide to Setting up your DSA MatchWare Account

Guide to Setting up your DSA MatchWare Account

To get the most out of MindView you should first create your MatchWare Account. This is a step by step guide of how to create your account.
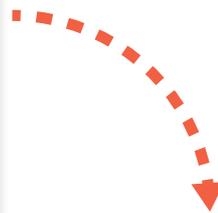

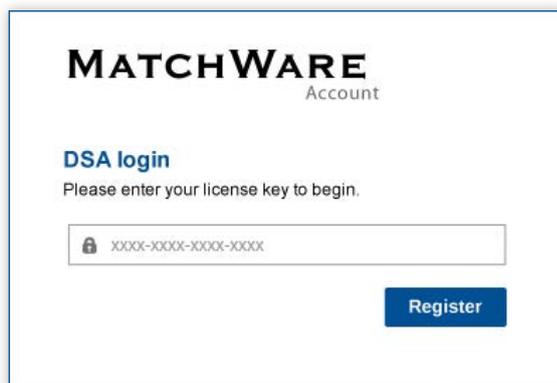

By creating a MatchWare account you gain access to:

- Both PC and MAC versions of MindView
- Free upgrades for 5 years

Only by creating this account will you receive the version upgrades of MindView and access to multiple OS platforms.

Step by Step

1 **Go to: https://accounts.matchware.com/dsa**
When prompted insert your MindView license key (16 digits).

MATCHWARE
Account

DSA login
Please enter your license key to begin.

🔒 XXXX-XXXX-XXXX-XXXX

Create an account   English ▼

Create a MatchWare account to access your software applications and version upgrades.

👤 Name

✉ Email address

🔒 Password

☐ I agree to the Terms of service   Login

2 Insert your name, email and create a password. We recommend using a private email address rather than your University email address.

3 Once registered, an activation email will be sent to you from MatchWare. You must then click on the link in the email to verify the email address. **Note: Check the SPAM folder for the activation email.**
